

The DOCSNAKE 45 MSE is the first choice when weight is an essential factor. Even if the backpack is lightweighted, the flexibility is still given.

- Main case with a modular system that can be adapted to any requirement. All inside pockets can be fixed, removed, interchanged or expanded and freely placed with our velcro system.
- Front compartment for additional or private equipment. For example avalanche shovel and probe
- **RMB** - **R**ocksna**k**e **M**olded **B**ack - carrying-system.
- Removable, lightweight hip-belt, 38mm wide.
- Anatomically cut shoulder straps with chest strap and integrated emergency whistle.
- **IKS** Individual labeling system.
- 2 robust handles, robust enough to attach the backpack on a winch or rope.
- Reflectors for better visibility.
