- High flexibility
- Individual fitting
- Secure fixation on a small space
- The compact dimensions allow easier storage in cooling systems
- 3 basic sizes
- Easy to wash
- Sturdy handle

The VKS Vario Klett System:

- flexible!
 - simple!
 - light-weight!
 - stable!
 - economical!
- Allows the flexible mounting of all ampoules sizes, bottles, aerosols, sprays, syringes, needles and other small parts at all desired positions.

MF - molded foam:

The padded, heavy-duty shell is thermo-mechanically pressed under heat and high pressure - dimensionally stable, washable, light-weight and durable.
