

The DOCSNAKE 28 SE is very flexible to use. As a first aid backpack for the fire department but also as a first aid backpack for private use. Or simply as a leisure backpack.

RMB - Rocksnake Molded Back:
Carrying system with a low buildup and a soft, comfortable touch.

- Main case with a modular system that can be adapted to any requirement. All inside pockets can be fixed, removed, interchanged or expanded and freely placed with our velcro system.
- Additional flat and long compartment for a stifneck
- **RMB - Rocksnake Molded Back** - carrying-system.
- Anatomically cut shoulder straps.
- **IKS** Individual labeling system (No changeable front - only the labels can be changed)
- Very robust handle.
- Reflectors for better visibility.
